A digital enthusiast and linguist with extensive professional experience in research, teaching and science communication. I specialise in linguistic and cultural evolution, experimental methods and data analysis.

Jan 2018 - **Postgraduate Certificate in Academic Practice**, *University of the West of England*.

2012–2017 **PhD**, *Artificial Intelligence Laboratory, Vrije Universiteit Brussel*.

Thesis: It's not all in your Mind: Modality Effects on the Emergence of Speech Structure

Supervisor: Prof. Dr. Bart de Boer

2010–2011 **MSc Evolution of Language and Cognition**, *University of Edinburgh*.

Thesis: "Foreigner Directed Speech: Its role in Cultural Transmission of Language & the resulting effects on Language Typology". Supervisor: Dr. Kenny Smith

2007–2010 **BA English Language and Linguistics**, *University of York*, (First Class Honors).

Thesis: "Morphosyntactic Unification of Case Markers and Postpositions in Hungarian"

Supervisor: Dr. George Tsoulas

Work Experience

Oct 17 – now **Lecturer**, *Science Communication Unit, University of the West of England, Bristol, UK*.

I teach students at foundation, undergraduate and postgraduate levels methods for science and science communication. I specialise in units on digital communication.

Oct 17 **Data Annotator**, *The University of Cambridge, Cambridge, UK*.

Learner corpus annotation for the ALTA Institute (short term casual contract)

Sep 16–Sep 17 **PostDoc**, *Max Planck Institute for Psycholinguistics, Nijmegen, NL*.

I worked on projects around the theme of language evolution. I design, build and run experiments, and disseminate the results in publications and presentations.

Sep 12 **Festival Communications Assistant**, *British Science Festival, Aberdeen, UK*.

I liaised with journalists and speakers. I wrote and edited press releases and monitored press generated by the festival. I also helped promote and report on events on social media.

Jan 12–Oct 12 **STEM Outreach Coordinator**, *STEM Outreach, Newcastle College, Newcastle, UK*.

I worked as a coordinator and administrator for the STEM Ambassadors Programme, Nuffield Research Placements and the British Science Association Crest Awards in the region. I liaised with science and technology organisations and educational institutes to organise outreach events. I worked extensively with schools to encourage engagement with the science outreach programmes mentioned above. I also maintained the organisation's blog and social media.

Courses Taught (Teaching evaluations available on request)

2018 Lecturer on Writing Science module. MSc module.

2018 Lecturer on Science in Public Spaces module. MSc module.

2018 Lecturer on Science on Air and on Screen module. MSc module.

2018 Lecturer on Science Communication module. BSc module.

2018 Lecturer on People and Science module. Foundation level course.

- 2017 Course Tutor. Biomedical Skills. BSc Module.
- 2017 Convener/Lecturer. Minds, Mechanisms and Interaction in the Evolution of Language Summer School. I covered sections on open science, preregistration and data cleaning. MPI for Psycholinguistics, Nijmegen, Netherlands
- 2012–2015 Teaching assistant, Methods of Scientific Research (MSc Course), VUB, Brussels, Belgium

Grants and Bursaries

- 2017 Cultural Evolution Society Conference Travel Grant.
- 2017 Data on the Mind Workshop. Berkeley, University of California. Funded Participant.
- 2016–2017 Max Planck Institute Visitorship Grant
- 2012–2016 European Research Council, PhD studentship as part of the ABACUS project
- 2015 VUB Doctoral School, NSE Travel Grant €750
- 2012 British Interactive Group, Bursary to attend the BIG Annual Training Conference
- 2012 Edinburgh Beltane, Bursary to attend the Science Communication Conference

Academic Service

Public Relations Officer for the **International Association of Cognitive Semiotics (IACS)**

Guest Editor, **The Journal of Language Evolution**, Special Issue on the Evolution of Sound Systems

Conference **Evolang 2018**, Toruń, Poland (Scientific Committee)

Organisation **Modality Matters** Workshop (Evolang 2018), with Ashley Micklos

Minds, Mechanisms and Interaction in the Evolution of Language Workshop, Max Planck Institute for Psycholinguistics (2017)

Advancing Behavioural and Cognitive Understanding of Speech workshop, Max Planck Institute for Psycholinguistics (2017)

The Evolution of Speech workshop, EvoLangXI (2016)

The Evolution of phonetic capabilities: causes, constraints and consequences, Satellite Meeting at the International Congress of Phonetic Sciences (2105)

Reviewing

Journals Interaction Studies, Cognitive Science, Literary and Linguistics Computing

Conferences EvoLangXII, CogSci2017, CogSci2016 (Program committee), EvoLangXI, CogSci2015, EvoLangX
